

Colin Thompson

Co-opted / Vice-Chair of Governing Body / PPG Governor

Retired Transport Manager, currently a co-opted Governor having served as both a Foundation and Community Governor in the past.

I have served on the Governing Body for almost twenty years, with spells as Chair and Vice-Chair. My particular interest is ensuring every child gets the opportunity to maximise their potential by ensuring the Governing Body give their full support to the Head and other staff.

The school is justifiably well regarded for its performance and family feel, but like all state schools has to cope with ever increasing financial pressures.

Governors need to assess the possible courses of action to maintain its leading position, but it is the benefit conferred on each child that is paramount.
