Reporting Explained

From 2025, all primary schools need to complete the digital expenditure reporting return for the 2024 to 2025 academic year. The return outlines:

- how the school has used its P.E. and sport premium
- the impact the premium has had on achieving the aims and objectives of the funding

If there is no expenditure next to a category, then it does not necessarily mean that no funds have been spent. Funds may have been allocated from the main school budget.
